EDUCATION

2011-2013 **Lamar University** *Beaumont, TX*
Bachelor of Science in Psychology
- Goal was to become a physical therapist
- Stepped away from school to pursue opportunity at Home Zone

2016-2022 **Lamar University** *Beaumont, TX*
Bachelor of Science in Computer Science
- Continued my pursuit of becoming a physical therapist until 2019
- I then decided to go for computer science instead

OTHER Coding experience in Java, C++, JavaScript, HTML, and CSS. Familiar with Visual Studio, Eclipse, Godot, and GitHub. Proficient in Microsoft Word, Excel, Power Point, and Outlook.

EMPLOYMENT

2015-2016 **Maycom Technology / Installation Technician**
Ran cabling (ethernet/HDMI/audio/security) for homes and businesses.
Mounted/installed many different types of home entertainment/security systems in homes and businesses. Some examples would be mounted TVs with in ceiling surround sound or outside/inside security cameras and dvr.
Programmed and installed software for home automation. An example would be editing and installing an app in a tablet that would allow control of many aspects of the home like TV control, lighting control, sound control, and security system control all in one app.

2014-2015 **Home Zone Furniture / General Manager**
Increased business 12% in 2015 compared to 2014.
Commission based manager, meaning I sold alongside my employees
Scheduled projects, determined workforce requirements, and allocated resources to maximize productivity
Recruited, mentored, and coached a staff of 10-12 professional associates in delivering customer-focused performance
Created a weekly schedule for the entire staff. (sales/warehouse/delivery)
Secured permits/licenses and conducted project inspections to ensure compliance with building and safety codes and regulatory standards
Processed all financing according to finance company standards
Processed all warranty claims to Home Zone Furniture standards
Scheduled all product coming in, and going out, of the store
Ensured proper levels of supplies at store
